"Benalytics is trusted by the largest health plan in America with over 8 million members. Earning that same trust with another client resulted in a \$42 million cost reduction while enhancing their benefits plan."

Charles G. Atkinson, PMP, Managing Principal

Comprehensive HR & Benefits Support

For over 20 years, Benalytics has supported fully insured and self-funded employers with cutting-edge analytics, technology, and multi-media communication. From 2 to 2 million employees, our goal is to simplify administration, engage employees, and reduce costs. Led by senior advisors and health underwriters from leading consulting, actuarial, and insurance firms, our services rival those of the largest national firms – at a fraction of the cost.
